

Community-led housing project for Trimingham moves forward

As many of you will be aware from the parish newsletter, Trimingham Parish Council have been discussing the results from the public consultation held in November 2017.

Given the results and feedback from those who completed a survey at the event, we have agreed to move on to the next stage of this exciting new project.

Those who told us they supported an affordable community-led housing scheme for Trimingham and wanted to know more will be getting a personal invitation.

However, if you were unable to get to our public consultation and want to get involved, supporting an affordable community-led development, please come along and join us.

We are holding a further meeting on Tuesday, May 8 starting at 6pm in Trimingham Hall – your new community hub.

We will be joined by North Norfolk District Council staff and Hastoe Housing Association who will be helping to:

- Increase our understanding about community-led housing
- Hear how a Housing Association has helped deliver community-led housing
- Confirm that the Trimingham parish supports a community-led housing approach to deliver affordable homes in the village
- Identify volunteers who want to be part of taking this forward on an informal steering group
- Arrange to meet with a technical advisor to find out more about options and how an affordable community-led housing development could be delivered for Trimingham

In November 2017, we told you that we had a chance to build an affordable community-led housing scheme in Trimingham, and the Parish Council sought your views on this opportunity.

At the public consultation, most of you told us there was a need to build affordable housing, and you supported the idea of it being done through a community-led scheme. You told us you wanted to find out more about community-led housing.

So, on Tuesday, May 8, residents who want to help take Trimingham forward, and towards making community-led housing happen, are invited to a meeting at Trimingham Hall, your new community hub, starting at 6pm.

- Terry Brown, Chairman of Trimingham Parish Council
